SG0420 + SM0420	WEINOLD	WEINOLD	23 933663105	DEU

+ Bulls from the predominately milking strain of the Simmental breed (i.e. those also known as **Fleckvieh**) can now be allocated an alternative AI code, prefixed SM in place of SG. This allows such bulls to be distinguished as "Milking strain Simmentals" rather than the SG prefix more commonly associated in the UK with beef Simmental bulls. For the specific bulls with such a dual code allocation, the two codes are interchangeable in milk recording.
