

At a Glance... Order Form: NMR Reports

This side of the Order Form allows you to change the parameters on your reports to fit in with your own management practices. It also enables you to order additional software or milk analysis services from NMR. If you are interested in other services offered by NMR, you can indicate your interest on this report. We will then arrange for an NMR representative to visit you with more details.

OPTION CHANGES

To change the options on your reports write the new options you require in this column.

STANDARD OPTIONS

These are the options that NMR will use as standard if you have not selected any changes.

CURRENT OPTIONS

These are the options that are currently being used on your reports.

If you would like to change your recording services or are interested in Herdwatch software please indicate here and NMR will arrange for a representative to visit you and talk through the options.
