

2022 Johne's testing offers

About Johne's disease

With National Johne's Management Plan (NJMP) compliance now a Red Tractor Farm Assurance Standard it's more important than ever that your Johne's testing meets the mark.

NMR has Johne's testing options to suit every farm's needs. Make sure your Johne's plan meets the Red Tractor requirements and take advantage of our offers.

For more information on the NJMP visit www.actionjohnesuk.org

HerdWise is a quarterly whole herd Johne's testing programme for milk recording herds providing risk classification of all cows.
